**YOUR MISSION:** Eliminate HAIs in your facility

**YOUR TOOLS:** Sage's simple, low-cost interventions

The key to any successful prevention program is compliance. The Compliance Alliance program can help your facility comply with CDC Guidelines and an evidence-based protocol. It gives nursing leaders a simple, fun way to empower fellow clinicians to help eliminate HAIs. This program is easy to manage and can help your facility achieve improved outcomes.

- Raise your compliance to above 90%
- Empower Nurse Champions for leadership opportunities
- Gain faster nurse acceptance of your protocol
- Establish an atmosphere of fun while providing superior patient care
- Track your compliance with provided tools
- Earn exclusive Compliance Alliance scrubs
- Utilize Performance Improvement Plan templates to present your success
- Publish your data
- Help eliminate HAIs in your facility

**SIMPLE INTERVENTIONS. EXTRAORDINARY OUTCOMES.**

**SHOULD YOUR FACILITY/UNIT ACCEPT THIS MISSION,**  
the following criteria must be met in your quest to help eliminate HAIs:

### **EACH UNIT WILL:**

1. Appoint an agreed upon number of Compliance Alliance team members.
2. Measure staff compliance to the protocol.
3. Measure HAI rates in conjunction with compliance.
4. Compare units' compliance rates to promote healthy competition.
5. Celebrate success when the HAI target reduction goal is reached.

### **EACH COMPLIANCE ALLIANCE TEAM MEMBER WILL COMPLETE THE FOLLOWING WEEKLY:**

- Make sure appropriate Sage products are in patient rooms and properly set up.
- Verify products are being used in accordance with your protocol. If not, ask why.
- Communicate the link between oral care and HAI prevention to fellow clinicians.
- Continue to educate and enforce compliance to your protocol.
- Work with your Sage Products representative to measure protocol compliance.
- Have fun and CELEBRATE SUCCESS!!

Remember, your Sage Products representative will be there to help you along the way.
