

The Benefits of Basinless Bathing

- **Helps improve skin integrity; better skin care (one-step, full-body cleansing and moisturizing)**
- **Limits exposure to tap water**
- **Eliminates environmental reservoirs (basins)**
- **Improves patient and nurse satisfaction**
- **Frees up nursing time for additional patient care activities**
- **Helps meet professional and regulatory guidelines for quality and patient safety**
- **Helps reduce process variation**
- **Reduces linens, supplies/SKU's for bathing**
- **Improves patient and family perception of care**
